

RAE WATER & SEWER DISTRICT
AGENDA FOR MEETING, April 15th, 2026 @ 6pm

Call to Order: President

Public Comment:

- Visitors comment period limited to 5 minutes for each individual.

Minutes: Secretary

Approval of Minutes from last meeting.

Treasurer's Report: Treasurer

- Approval of financial reports.
- Stifel Nicolaus investment discussion.

Old Business:

- Status of the RAE Wastewater system update.
- Ressler Lift Station ozone generator plans have been approved by DEQ.
- James from Hyalite Engineering will provide an update on the water expansion project.

Manager's Report: Ken

- King Arthur Laundry well rehab is complete. A new pump, motor, and riser pipes have been installed. It was discovered that a pipe was leaking inside the well vault. All issues have been repaired, and the well is back online.
- Ken, John, and Shannon have begun digging up the compound infiltration galleries. These repairs will be ongoing until completion.
- Montana Department of Labor and Industry performed their 2-year workplace safety inspection.
- We are still awaiting a quote from Security Solutions about the security camera installations.
- Ken and Shannon attended the 2026 Montana Rural Water conference on 03/23/26 – 03/25/26. Due to the conference ending at 7pm following the dinner that was provided, Shannon's hotel was extended by one night.
- King Arthur has completed repairs on all the identified water line leaks. RAE Water will again be performing a leak detection survey of King Arthur and RAE Subdivision in summer of 2026 to find further leaks to be repaired.

New Business:

- John Searle will be retiring in June of 2026.

Next Meeting: The next meeting scheduled for May 20th, 2026, at 6:00 p.m.

Adjourn:
